PROFIT WARNING

This announcement is made by the Company pursuant to Rule 13.09 of the Listing Rules.

The Board wishes to inform shareholders of the Company and potential investors that the unaudited interim results of the Group for the six months ended 30 September 2010 are expected to be lower than that for the corresponding period ended 30 September 2009. The lower in profits was attributable to the fact that there was a surge in profits for the first half of last year stemming from the exceptional gain on the Group's share of the profit of an associate, which is engaged in property development and investment in Malaysia. However, there is no such profit in the first half of this year and this accounts for the lower in profits when compared with last year.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
