This announcement is made by Golden Resources Development International Limited (the “Company” and together with its subsidiaries, the “Group”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the “Listing Rules”) and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571, the Laws of Hong Kong) (the “SFO”).

After preliminary review by the management of the Company based on the management accounts of the Group, the board of directors (the “Board”) of the Company wishes to inform the shareholders of the Company and potential investors that the unaudited interim results of the Group are expected to record a substantial increase in net profit after tax for the six months ended 30 September 2017 as compared to that for the corresponding period in 2016. Based on the information currently available, the Board considers that such substantial increase in net profit was attributable to (1) a profit of approximately HK\$ 7 million on the disposal of a wholly-owned subsidiary engaged in property investment in Mainland China; and (2) the share of approximately HK\$14 million profits from the Group’s investment in an associate arising from the gain on the disposal of its investment property in Malaysia.

The Company is still in the process of finalizing its unaudited interim results for the six months ended 30 September 2017. The information contained in this announcement is only a preliminary assessment by the Directors of the Group and is not based on any figures or information which has been audited or reviewed by the Company’s auditors. The Company’s

unaudited interim results for the six months ended 30 September 2017 is expected to be published by the end of November 2017.

Shareholders and potential investors are therefore advised to exercise caution when dealing in the shares of the Company.
