**PROFIT WARNING**

This announcement is made by Golden Resources Development International Limited (the “Company” and together with its subsidiaries, the “Group”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571, the Laws of Hong Kong).

The Company’s board of directors (the “Board”) wishes to inform the Company’s shareholders and potential investors that, based on the preliminary review of the Group’s latest unaudited consolidated management accounts and the information currently available, the Board estimates that the Group is expected to record a loss for the six months ended 30th September 2018, as compared with a profit for the corresponding period in 2017. Such turnaround from a profit into a loss is primarily due to (1) the absence of one-off gain on disposal of a subsidiary for HK\$7 million and the share of HK\$14 million profits from the Group’s investment in an associate as recorded in the corresponding period of 2017; and (2) the decrease in revenue and gross profit margin of the Group’s rice business which was attributed to the fluctuations of international rice price.

As the Company is still in the process of finalising the unaudited consolidated interim results of the Group for the six months ended 30th September 2018, the information contained in this announcement is only based on preliminary assessment on the Group’s unaudited management accounts and the information currently available, which have neither been audited nor reviewed by the Company’s auditors. The interim results of the Group for the six months ended 30th September 2018 are expected to be published before the end of November 2018.

**Shareholders and potential investors are therefore advised to exercise caution when dealing in the shares of the Company.**
