For the six months ended 30th September, 2009

#### 1. BASIS OF PREPARATION

The unaudited condensed financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 (HKAS 34) "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules").

#### 2. SIGNIFICANT ACCOUNTING POLICIES

The condensed financial statements have been prepared under the historical cost convention, as modified for the revaluation of investment properties, available-for-sale investments and financial assets at fair value through profit or loss which are measured at fair values, as appropriate.

In the current period, the Group has applied, for the first time, the following new or revised standards, amendments and interpretations (the "new HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants with effect from the beginning of current accounting period:

HKFRSs (Amendments) Improvements to HKFRSs

HKAS 1 (Revised) Presentation of Financial Statements

HKAS 23 (Revised) Borrowing Costs

HKAS 32 and 1 (Amendments) Puttable Financial Instruments and Obligations Arising on

Liquidation

HKFRS 1 and HKAS 27 Cost of an Investment in a Subsidiary, Jointly Controlled

(Amendments) Entity or Associate

HKFRS 2 (Amendment) Share-based Payment -Vesting Conditions and Cancellations

HKFRS 7 (Amendment) Improving Disclosures about Financial Instruments

HKFRS 8 Operating Segments

HK(IFRIC)-Int 13 Customer Loyalty Programmes

HK(IFRIC)-Int 15 Agreements for the Construction of Real Estate HK(IFRIC)-Int 16 Hedges of a Net Investment in a Foreign Operation

The adoption of these new HKFRSs had no material effect on the results and financial position of the Group for the current and/or prior accounting periods. Accordingly, no prior period adjustment has been required.

Except as described below, the accounting policies applied in the condensed financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31st March, 2009.

## HKAS 1 (Revised) - Presentation of Financial Statements

HKAS 1 (Revised) has introduced a number of terminology changes (including revised titles for the condensed consolidated financial statements) and has resulted in a number of changes in presentation and disclosure. However, HKAS 1 (Revised) has had no impact on the reported results or financial position of the Group.

#### 3. SEGMENT INFORMATION

The Group has adopted HKFRS 8 "Operating Segments" with effect from the beginning of current accounting period. HKFRS 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the Management in order to allocate resources to the segment and to assess its performance. In contrast, the predecessor standard (HKAS 14 "Segment Reporting") required an entity to identify two sets of segments (business and geographical), using a risks and rewards approach, with the entity's system of internal financial reporting to key management personnel serving only as the starting point for the identification of such segments.

In prior years, the Group's primary reporting format was business segments. The application of HKFRS 8 has not resulted in a redesignation of the Group's reportable segments as compared with the primary reportable segments determined in accordance with HKAS 14, nor has the adoption of HKFRS 8 changed the basis of measurement of segment profit or loss.

For management purposes, the Group is currently organised into four operating divisions, namely rice operation, securities investment, property investment and corporate and others. These divisions are the basis on which the Group reports its operating segment information.

Principal activities are as follows:

Rice operation — sourcing, importing, wholesaling, processing, packaging,

marketing and distribution of rice

Securities investment — investments in equity and debt securities

Property investment — property investment and development

Corporate and others — corporate income and expenses and other investments

An analysis of the Group's segment information by operating segments is as follows:

# LIQUIDITY AND FINANCIAL RESOURCES

The Group had cash balance of approximately HK\$272 million and outstanding convertible notes amounted to approximately HK\$61 million as at 30th September, 2009. #### **BUSINESS REVIEW AND PROSPECTS**

I am pleased to report to the shareholders that for the six months ended 30th September 2009, the Group delivered an encouraging result with the profits attributable to the shareholders amounting to HK\$159,834,000. This encouraging performance was mainly attributable to the share of profits to the extent of approximately HK\$80 million from our Malaysia associate and the gains on the Group's financial assets while the global financial markets are on the way to recovery.

For the period under review, the operating environment for the core rice business in Hong Kong remained tough and challenging. The Group continued to face the keen competition among major supermarket chains and the volatility of rice cost. These challenges are likely to persist within the foreseeable future. To cope with these challenges, the Group continued to focus on maintaining stringent cost controls, enhancing operational efficiency and deepening its market penetration into distribution channels and exploring new ones, so as to sustain the profitability.

With regard to our business development in Vietnam, the Group is taking a cautious approach in pursuing its investment projects to capture the tremendous investment opportunities there. The long term prospect of Vietnam is promising given its steady economic growth, competitive labour costs and growing domestic market size. In June this year, we signed an agreement to build and transfer water distribution network in Vietnam. The development of this project is progressing well as planned.

As the global financial markets have started to stabilise since the beginning of the year, the Group's investment portfolio benefitted from the recovery of the markets and contributed favourably to the profits of the Group. We will continue to closely monitor the performance of the investment portfolio and are confident that the investment portfolio will deliver results and add value to the shareholders. At the Group treasury level, certain convertible noteholders exercised their conversion rights attached to the convertible notes issued in March 2009 to the extent of HK\$10 million and HK\$18 million in August and October this year respectively at the exercise price of HK\$0.26 per share. This has broadened the shareholder base and reinforced the capital strength. With the net cash position of HK\$272 million and a strong and solid balance sheet, the Group is well equipped to explore investment opportunities for future growth and better value for shareholders.

Looking ahead, the Group will continue to focus on our core business, our investments and our new business. The Group anticipates an overall satisfactory performance for this financial year, and has strong confidence in its long term prospects.

#### CORPORATE GOVERNANCE

# **Corporate Governance Practices**

The Company adopted all the code provisions in the Code of Corporate Governance Practices (the "Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") as its own code on corporate governance practices. The Company has complied with the Code throughout the six months ended 30th September, 2009 with deviation from code provision A.2.1 of the Code.

Code provision A.2.1 of the Code stipulates that the roles of a Chairman and a Managing Director should be separate and should not be performed by the same individual. During the period, Mr. Alvin Leslie LAM Kwing Wai is the Chairman of the Board and the Managing Director of the Company. Given Mr. Alvin Leslie LAM Kwing Wai has had extensive experience in the business of the Group, particularly in soliciting for possible new business opportunities and deducing the overall strategic plan for the future development of the Company, the directors consider that it would benefit the Company if Mr. Alvin Leslie LAM Kwing Wai is also in charge of overseeing the Company's operations as its Chairman. The Board considers that this structure will not impair the balance of power and authority between the Board and the management of the Group. The Board will regularly review the effectiveness of this arrangement.

## **Model Code for Securities Transactions by Directors**

The Company has adopted the Model Code as set out in Appendix 10 to the Listing Rules as its own code of conduct regarding securities transactions by directors. All directors have confirmed, following specific enquiry by the Company, that they fully complied with the required standard as set out in the Model Code throughout the review period.
